

The \$4,000 Mistake Thousands of People Make Every Year

Why buying a "premium" hydrogen water machine might be the worst decision you could make for your health (and your wallet)

Presented By
HydrogenOutlet.com

Overview

The hydrogen therapy market has evolved—but most buyers are still getting ripped off. Over 2,000 scientific publications support hydrogen therapy. But here's what they don't tell you when you're standing in front of that \$4,000 Kangen machine:

The Problem

01

Why \$4,000 machines only give you half the therapy

The Solution

02

Dual-function technology at a lower cost

Brown's Gas Explained

03

How it works (and why Kangen can't do it)

The Proof

04

Cost comparisons + clinical research

Real Benefits

05

Sleep, immune support, respiratory health

Why Trust Us

06

No MLM, lifetime warranty, 365-day guarantee

Here's What Nobody Tells You at the Kangen Presentation

You've done the research. You understand molecular hydrogen has legitimate therapeutic potential.

Then you see the prices:

Kangen K8: **\$4,000+**

Echo H2: **\$2,500+**

Hydrogen Tablets: **\$60-\$180/month forever**

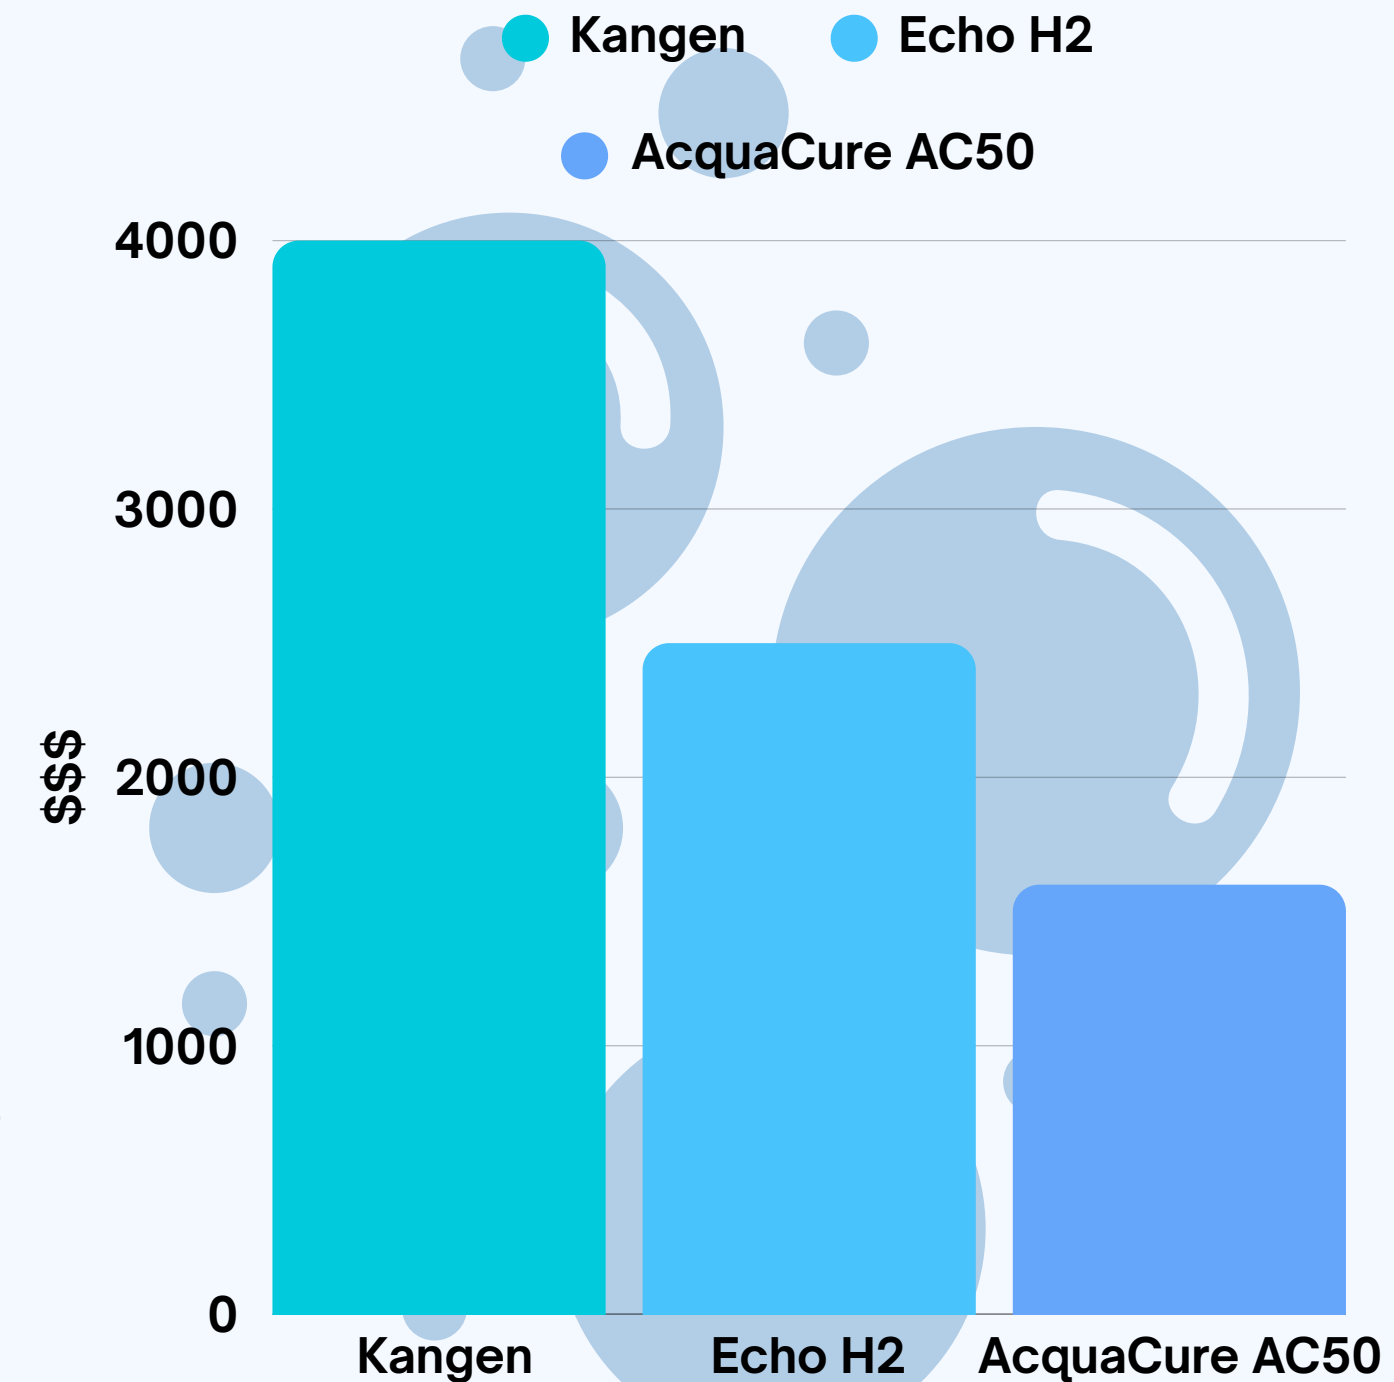

Here's what they don't tell you:

Those machines only produce hydrogen water. Great for drinking—but that's where it stops.

You can't use them for hydrogen gas inhalation, which research shows may provide the most potent cellular benefits.

Tablets are worse:

Pay \$720-\$2,160/year, own nothing, still only get water therapy—no breathing.

You're Only Getting Half the Therapy

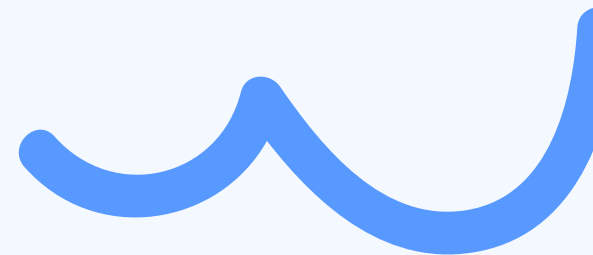

Those machines only produce hydrogen water for drinking.

You ***can't*** use them for hydrogen gas inhalation—which research shows may support:

- Better sleep quality
- Enhanced immune function
- Reduced oxidative stress
- Improved cellular energy

Tablets are even worse:

- Pay \$720-\$2,160/year
- Own nothing
- Still only water therapy
- No breathing capability

The Market Evolution Nobody Saw Coming

III

The Discovery That Changed Everything

Dual-function machines deliver BOTH:

- ✓ Hydrogen-enriched water (like Kangen)
- ✓ Hydrogen gas for inhalation (which Kangen can't do)

Backed by growing research, molecular hydrogen may support:

- Immune system function
- Reduced oxidative stress
- Enhanced vitality and energy
- ****Improved sleep quality**** (day energy + night rest)

Key Facts:

- 2,000+ studies backing therapy
- Cost LESS than single-purpose machines
- Enable dual-pathway gene expression benefits

Why Brown's Gas Changes Everything

Distinct Delivery Advantages

1995: George Wiseman pioneered Brown's Gas technology

Formula: 66% hydrogen + 33% oxygen (precise therapeutic ratio)

Standard machines: Separate and vent oxygen (wasted)

Brown's Gas systems: Deliver both gases together

Why it matters:

Research shows combination therapy produces "the most potent effects on signaling pathways and gene expression."

Translation: Two pathways (drinking + breathing) activate more biological processes than one.

The Machine Featured in Our Research

AquaCure AC50 HydrOxy Electrolyzer

Key Features:

- ✓ Same Brown's Gas as premium PureONE system
- ✓ 24/7 continuous operation capability
- ✓ Lifetime warranty
- ✓ Predecessor to PureONE (proven technology, accessible price)

What makes it different: Dual-function capability at lower cost than water-only premium machines.

The Math + Science That Changes Everything

5-Year Total Cost Comparison:

Hydrogen Tablets (Mid-Tier): **\$7,200**

→ Water only (Another Subscription)

Kangen K8: **\$5,825**

→ Water only

AquaCure (Refurbished): **\$1,600**

→ BOTH therapies, lifetime warranty

Savings: \$3,220-\$4,595 over 5 years

The Science:

✓ 2,000+ studies backing hydrogen therapy

✓ Study of 55 cancer patients: Combination H₂+O₂ therapy showed significant survival improvements

✓ Gene expression data: "30% more effective than hydrogen alone"

Can Kangen do combination therapy? **✗ NO** (water-only)

Can AquaCure? **✓ YES** (H₂+O₂)

hydrogenoutlet.com

What You're Missing with Water-Only (Real Results)

What AquaCure Can Do (That Kangen Can't):

- ✓ *Sleep Quality* - Dual-pathway therapy supports better rest
- ✓ *Respiratory Support* - Inhalation therapy for COPD, lung health
- ✓ *Immune Function* - Both pathways maximize benefits
- ✓ *Athletic Recovery* - Water + breathing for complete recovery

Real Customer:

> "Spent \$5,040 on tablets over 3 years. Bought AquaCure for \$1,600. Paid for itself in 11 months. Plus breathing sessions for respiratory training. Game changer."

— Marcus, 38, CrossFit

Safe, Proven, No MLM Markup

Safety Standards:

- ✓ 2,000+ peer-reviewed studies (zero toxicity reports)
- ✓ ISO compliance + electrical safety certification
- ✓ Lifetime warranty (manufacturer confidence)
- ✓ 365-day money-back guarantee

Why HydrogenOutlet.com:

- We don't sell water-only machines (only dual-function)
- No MLM commission structure (that's why Kangen costs \$4,000)
- Third-party testing results (not just manufacturer claims)
- Expert guidance, not commissioned sales

Stop Overpaying for Half the Therapy

Your Three Options:

OPTION 1: Kangen K8

Cost: \$4,000 upfront

What you get: Water therapy only

Missing: Breathing therapy, sleep benefits, respiratory support

OPTION 2: Hydrogen Tablets

Cost: \$60-\$180/month forever

What you get: Water therapy only

Missing: Ownership, breathing therapy, no end to payments

OPTION 3: AquaCure Refurbished

Cost: \$1,600 one-time

What you get: BOTH water + breathing therapy, lifetime warranty

Bonus: Complete kit (humidifier, bubbler, spot applicator, all accessories)

Stock: 24 units available

Break-Even Math:

AquaCure pays for itself in 13 months vs. tablets

Then saves \$1,440/year every year after

Ready to Own Both Therapies?

AquaCure AC50 Complete Kit - Refurbished:

Price: \$1,600 USD

Complete Kit Includes:

- ✓ AquaCure tower with quick-connect union
- ✓ Humidifier with connection hose
- ✓ 1-liter drinking water bubbler
- ✓ 3 oxygen tubing hoses (1ft, 4ft, 7ft)
- ✓ Spot applicator + goggles
- ✓ TDS meter, funnel, lye powder, accessories
- ✓ ****50L/hour gas output**** (24/7 operation)

Guarantee:

- Lifetime warranty (parts, labor, shipping for manufacturer issues)
- ****365-day money-back guarantee**** (\$200 restocking fee)

Current stock: 24 units available

OK!
